

Wednesday 25<sup>th</sup> March 2020

Dear Pupils

I hope you are beginning to get used to learning at home and enjoying some of the benefits it can bring. For the next few weeks you will find tasks that your teacher has set on our website under the Home Learning Tab. They have asked you to please keep any work and projects that you complete so that they can have a look at it when you get back to school.

After the Easter holidays I would like you to start using 'Google Classroom' which can be found on School360. This is a good way to set your work because you will be able to send your work back to your teacher for feedback. This is not being used yet as staff are busy trying to learn how to use it most effectively so please don't use it until it is set up. I will send you details of how to join Google Classroom in the coming weeks.

There are lots of activities being produced now on the internet to help you engage in your learning and keep fit and healthy. When I find any that may be useful I will post it on the homepage of our website, so please check it daily.

Finally, please use your time at home to spend time with your family and enjoy each other's company. Keep fit and healthy and make the most of the opportunity to learn with more freedom and independence.

I look forward to hearing all about it when you get back to school.

K Seddon
