(Full copies of privacy notices are available on GDPR section of school website)

We will only retain the data we collect for as long as is necessary to satisfy the purpose for which it has been collected.

We are required, by law, to pass certain information about pupils to specified external bodies, such as our local authority and the Department for Education, so that they are able to meet their statutory obligations.

### **7.2 Staff**

We process data relating to those we employ to work at, or otherwise engage to work at, our school. The purpose of processing this data is to assist in the running of the school, including to:

- Enable individuals to be paid
- Facilitate safe recruitment
- Support the effective performance management of staff

- Support the work of the School Teachers' Review Body

Staff personal data includes, but is not limited to, information such as:

- Contact details
- National Insurance numbers

Any staff member wishing to see a copy of information about them that the school holds should contact the Head Teacher or Data Protection Officer.

## **8. Subject access requests**

(Subject access request forms are available on GDPR section of school website)

Under the Data Protection Act 1998, pupils have a right to request access to information the school holds about them. This is known as a subject access request.

Subject access requests must be submitted in writing, either by letter, email or fax. Requests should include:

The pupil's name

- **A correspondence address**
- **A contact number and email address**
- **Details about the information requested**

The school will not reveal the following information in response to subject access requests:

- Information that might cause serious harm to the physical or mental health of the pupil or another individual
- Information that would reveal that the child is at risk of abuse, where disclosure of that information would not be in the child's best interests
- Information contained in adoption and parental order records
- Certain information given to a court in proceedings concerning the child

Subject access requests for all or part of the pupil's educational record will be provided within 15 school days..

### **9. Parental requests to see the educational record**

(Subject access request forms are available on GDPR section of school website)

Parents have the right of access to their child's educational record, free of charge, within 15 school days of a request.

Personal data about a child belongs to that child, and not the child's parents. This is the case even where a child is too young to understand the implications of subject access rights.

For a parent to make a subject access request, the child must either be unable to understand their rights and the implications of a subject access request, or have given their consent.

#### Primary maintained schools

The Information Commissioner's Office, the organisation that upholds information rights, generally regards children aged 12 and above as mature enough to understand their rights and the implications of a subject access request. Therefore, most subject access requests from parents of pupils at our school may be granted without the express permission of the pupil.

### **10. Storage of records**

Paper-based records and portable electronic devices, such as laptops and hard drives, that contain personal information are kept secure when not in use

Papers containing confidential personal information should not be left on office and classroom desks, on staffroom tables or pinned to noticeboards where there is general access

Where personal information needs to be taken off site (in paper or electronic form), this will be carried out in accordance with the school's data mapping document.

Passwords that are at least 8 characters long containing letters and numbers are used to access school computers, laptops and other electronic devices. Staff and pupils are reminded to change their passwords at regular intervals.

Encryption software is used to protect all portable devices and removable media, such as laptops and USB devices.

Staff, pupils or governors who store personal information on their personal devices are expected to follow the same security procedures for school-owned equipment

### **11. Disposal of records**

Personal information that is no longer needed, or has become inaccurate or out of date, is disposed of securely.

For example, we will shred or incinerate paper-based records, and override electronic files. We may also use an outside company to safely dispose of electronic records.

### **12. Training**

Our staff and governors are provided with data protection training as part of their induction process.

Data protection will also form part of continuing professional development, where changes to legislation or the school's processes make it necessary.

### **13. The General Data Protection Regulation**

We acknowledge that the law is changing on the rights of data subjects and that the General Data Protection Regulation is due to come into force in May 2018.

We will review working practices when this new legislation takes effect and provide training to members of staff and governors where appropriate.

### **14. Monitoring arrangements**

The Head Teacher, Data Protection Officer and nominated governor representative are responsible for monitoring and reviewing this policy.

This document will be reviewed when the General Data Protection Regulation comes into force, and then **every 2 years**.

At every review, the policy will be shared with the full governing body.

### **15. Links with other policies**

This data protection policy and privacy notice is linked to the freedom of information publication scheme.

### **16. Complaints**

Complaints will be dealt with in accordance with the school's complaints policy. Complaints relating to the handling of personal information may be referred to the Information Commissioner who can be contacted via email on
