

Year 5 – Geography Home learning – TOPIC 2 (Resources and the Environment)

Complete at least 4 activities. You will gain extra house points for completing extra activities.

First piece to be handed in by 25/05/22 , second piece by 08/06/22 , third piece by 22/06/22

Fourth piece by 06/07/22 .

Choose an environmental issue that interests you. You then need to research a 'fact file' on it.

What causes the issue?

What are the effects?

What solutions are there?

Create a Google slide presentation on the importance of using renewable energy.

Select your favourite animal and describe how it adapts to its environment.

CHALLENGE YOURSELF

Create a wordsearch on the topic of resources and the environment.

For 1 week become an eco warrior!! Look for ways in which you can make a difference to the local community at school or near where you live. At the end of the week, write a short report of what you have done.

Pollution has become a big problem as the world's population continues to increase. List 5 ways in which the issue of pollution can be limited.

You have won a special prize for earning the most house points this week. You can visit any fragile environment in the world. Which one will you visit and why? Include pictures and information about your trip.
